

IT Equipment Policy

1. Purpose

This policy covers company-issued laptops, phones and accessories.

2. Standard equipment

Office employees receive a standard laptop with 16 GB memory. Engineering and data roles receive a laptop with 32 GB memory. Laptops are replaced every 4 years.

3. Mobile phones

Managers and on-call staff receive a monthly mobile allowance of INR 1,000.

4. Lost or damaged equipment

Lost or stolen laptops must be reported to IT and to security within 1 hour, and a police report must be filed for theft. The first accidental damage claim is covered by the company; the second within 24 months costs the employee INR 10,000.

5. Software installation

Employees may install software only from the company software centre. Requests for other software are raised in the IT portal and reviewed within 3 working days.

6. Returning equipment

Leavers must return all equipment on their last working day. Unreturned laptops are recovered from the final settlement at book value.

7. Support

The IT service desk is available from 08:00 to 20:00 IST on working days at extension 4357.
